

# Here and now

Written by Dan Pringle, Steve Deal and Darren Elliot © 2007

## Verse

When I'm on the mountain, I'm gonna worship  
When my world is falling, I'm gonna worship  
When my Spirit is soaring, I'm gonna worship  
When everything's broken, I'm gonna worship

## Pre Chorus

In the center of it all, you're the one who breaks my fall

## Chorus

Here and now, I'm calling your name  
Here and now, seeking your face  
All my life, nothing else I wanna do  
So here and now, I worship you, I worship you

## Bridge

To God, be the glory, To God, be the glory  
To God, be the glory, To God, be the glory
