

# **I'm Not Afraid**

## **Verse 1**

Nothing could separate me from your love  
Your life alive in me beating out a new song  
I hold my chains they don't hold me  
I run this path in victory, alive and free I praise

## **Pre-Chorus**

Your name calms seas, brings hope, brings peace  
Your words build faith, are truth are grace

## **Chorus**

The life in me won't let you go  
You're in my heart you're in my soul  
You took my place, you paid my price  
Now I live free, I am free

Oh your love runs deep your love runs wide  
Your grace holds up these heavy skies  
You placed in me the faith to see  
The things unseen, reveal your dream
