

## **MY BEST LIFE**

Joe Pringle and Ryan Smith

### **Verse**

You led my life into the better days  
You gave vision back to my blind ways  
What I know, what I feel is you beating in me  
Now I'm running, running, running I am free

### **Chorus**

So far from where we started  
So free of the chains from the past  
I'm moving forward  
To the life that taught me stand  
Inside your light  
Now I'm living my best life

### **Bridge**

I'm learning how to live  
Inside a love so big  
I'll place your seal across my heart  
Run the race live set apart  
My best life is you
