

Shine Your Glory

Verse 1

You painted my life with the image of Christ
My destiny defined

You've taken my dreams ripped apart at the seams
My past has been redeemed

Pre-Chorus

How could I be the reason You died
You rose from the grave gave me eternal life

Chorus

Your Grace is making its way into my heart
And its changing me completely
Wash me clean and make me holy

And now I'm ready for my day in the sun
So I'll reflect Your beauty
All my days I'll shine Your glory

Verse 2

You've taken away all my sin and my shame
That I could not repay

We'll make the enemy flee crush him under our feet
No I am not afraid

Pre-Chorus

How could I be the reason You died
You rose from the grave gave me eternal life

Chorus

Your Grace is making its way into my heart
And its changing me completely
Wash me clean and make me holy

And now I'm ready for my day in the sun
So I'll reflect Your beauty
All my days I'll shine Your glory

Bridge

Fill me with Your fire from Heaven
As I draw near to You I feel You close to me
Teach my how to live I need You
Set alight my heart into flame
